Outsourcing with BÜFA Chemicals: Flexibility and Security for Your Raw Material Supply

Custom Drumming

Our permanent, qualified staff ensure precise and secure drumming into cans, drums, and IBCs. We offer both fully automated and manual filling processes according to GMP+ and HACCP-certified standards – tailored to your specific requirements.

Secure Storage

With around 30,000 pallet spaces in our state-of-the-art hazardous materials warehouses at our European locations, we ensure the compliant storage of your products. Storage areas separated according to TRGS 510 and thermal units provide optimal storage conditions.

Flexible Distribution

We take care of demand-based retrieval, picking, and delivery. Your goods are delivered safely and flexibly, either in part or in full, directly to you or your customers – thanks to our powerful fleet and extensive network of logistics partners.

Your benefits with BÜFA's Outsourcing-Service:

- Purchase bulk quantities strategically, fill in flexible amounts, and store securely.
- Flexible delivery: Retrieve and deliver your raw materials on demand.
- Minimize raw material dependencies: Reduce risks from market fluctuations.
- Global delivery: Reliable supply of your raw materials to international locations.

Increasing regulatory requirements pose challenges for many companies. BÜFA Chemicals is your reliable partner, fully compliant with all legal regulations – from custom drumming and secure storage to flexible delivery of your raw materials.
